

25 August 2021

Acquisition of Shares in Amita Holdings Co., Ltd.

MCP Japan Holdings Limited acquired shares in Amita Holdings Co., Ltd. (“Amita”)(JASDAQ : 2195) on 18 August 2021.

With more than 40 years of experience in the environmental sector, Amita has deep expertise providing environmental solutions through its multi-layered, global business network. In recent years, Amita has been providing environmental business consulting services to companies nationwide to help them improve their corporate behavior in response to climate change and market forces. Through the combination of MCP Group’s global institutional investor network, Amita’s expertise in environmental solutions, and collaboration with universities in Kyushu, which are at the forefront of decarbonization research, we believe MCP Group can serve as an intermediary between corporate behavior changes and capital market mechanisms. In addition, we expect the acquisition of Amita’s shares to enhance MCP Group’s knowledge of ESG assets as an investment management company.
